DESIGNERS ASSOCIATION
Self-Regulatory Organization
bldg. 16, 6, Proektiruemy proezd No. 4062, Moscow, 115432, www.sp-sro.ru
Registration number in the State Register
of Self-Regulatory Organizations CPO-II-011-16072009

Moscow
(place of Certificate issue)

June 07, 2017
(date of Certificate issue)

CERTIFICATE

of authorization to perform specific type or types of works affecting safety of
capital construction facilities

No. 0708-2017-7701415045-II-011

Issued to member of Self-Regulatory Organization

Globaltechexport Ltd.

(full name of legal entity (surname, name, patronymic of individual entrepreneur))

**Taxpayer Identification Number (INN) 7701415045, Primary State Registration
Number (OGRN) 5147746370580**

OGRN (OGRNIP), INN

room I, bldg. 1, 12, B. Nikitinskaya str., Moscow, 125009

place of business (residential) address, date of birth (for entrepreneur)

The Certificate is issued on the basis of Resolution of the Presidium of Association DESIGNERS

(name of governing body)

ASSOCIATION SRO Minutes No. 258 dated June 06, 2017

of the self-regulatory organization, number of minutes, date of meeting)

This Certificate authorizes to perform works affecting safety of capital construction facilities, as listed in
the Annex to this Certificate.

Valid from **June 07, 2017**

The Certificate is not valid without the Annex.

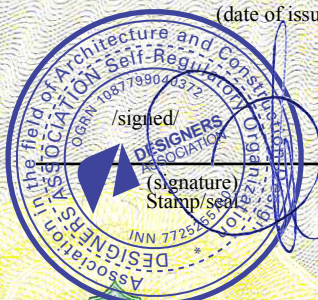

The Certificate has been issued with no time and territorial limits.

This Certificate replaces the previously issued: _____

(date of issue, number of Certificate)

Director of Association
DESIGNERS ASSOCIATION SRO

(position of the authorized person)

E.V. Zhuchkova

ANNEX

to Certificate of authorization to perform specific type or types of works affecting safety of capital construction facilities
dated June 07, 2017
No. 0708-2017-7701415045-II-011

TYPES OF WORKS

affecting safety of capital construction facilities, *including highly hazardous, technically complex and unique capital construction facilities*, included in the scope of the Certificate of Authorization issued to a member of the Association in the field of Architecture and Construction Design DESIGNERS ASSOCIATION Self-Regulatory Organization, Globaltechexport Ltd.

No.	Work type description 1
1.	Preparation of land plot layout diagram:
1.1.	Preparation of general land plot layout
3.	Preparation of structural solutions
4.	Preparation of data on internal MEP equipment, internal utilities, and a list of engineering and technical activities:
4.5.	Preparation of projects for internal building management, automation, and control of MEP systems
5.	Preparation of data on internal utilities, and a list of engineering and technical activities:
5.4.	Preparation of projects for outdoor electric power supply networks of up to and including 110 kV and their structures
5.5.	Preparation of projects for outdoor electric power supply networks of 110 kV and above and their structures
6.	Preparation of process engineering solutions
6.3.	Preparation of process engineering solutions for production buildings and structures and their complexes
6.7.	Preparation of process engineering solutions for special-purpose facilities and their complexes
7.	Development of special sections of design documentation:
7.3.	Development of Industrial Safety Declaration for hazardous production facilities
8.	Preparation of projects for construction management, demolition and dismantling of buildings and structures, service life extension and conservation

Continued

9.	Preparation of projects for environment protection measures
10.	Preparation of projects for fire safety measures
12.	Survey of building structures of buildings and structures
13.	Organizational management for preparation of design documentation by engaged real estate developers or customers on the basis of contracts with legal entities or individual entrepreneurs (general designers)

Globaltechexport Ltd.

may

(full name of self-regulatory organization member)

conclude contracts for organization of work on preparation of design documentation for capital construction facilities, which value under one contract does not exceed (is) **twenty-five million (25,000,000) rubles.**

(amount in words and figures in rubles of the Russian Federation)

This Certificate confirms authorization to perform works

Nos. 1.1, 3, 4.5, 5.4, 5.5, 6.3, 6.7, 7.3, 8, 9, 10, 12, 13 affecting safety of the following highly hazardous and technically complex facilities:

- electric power transmission lines and other power supply network facilities with voltage of 330 kV and higher;
- heat power plants with capacity of 150 MW and higher;

Thirteen (13) types of work in total.
